Welcome to the homeDirectory of AM4ideaHu...

This is a new knowledge hub for us!

As we are organising processes and workflows both on open and contribution channels most effectively, now we are thrilled to announce that Portal/Knowledgebase/Topic-centre as a support of our service management and publication which related to the work of:

- platform cooperatives,
- internet of production and
- open-circular economic creation methods (*to name a few*)

1- [To follow toolkits](#) of open design methods, through tasks and generative practices applied: media and culture of participatory are a priority for processes taken.

2- [Collaboration and discussion opened](#) in order to organise topics and domains of Digital Social Innovation as a procedure of AM4ideaHu

3- Ko-operatív munkaviszony rendszerének szervezésére alakult [FORUM](#)

1. We are on the way forward to legitimate a conception which is able to connect with the processes of co-working culture, the commons movement, or free culture movement.
2. We are committed to the method of Digital Social Innovation.
3. We are definitely meets our demands by following these factors hereby, these are essentials for us:
 - sharing,
 - collecting,
 - redistributing
 - and using of datas and developing terms

to sum up: all ideas/proposals can be recorded as two-sided incentives

1. infotable [*ref. to 'OPEN-Lab'*]
2. practicable [*ref. to 'WORK-Lab'*].
